

TEUTON FORCES GAIN FIRM FOOTHOLD IN SERBIA

BULGARIA READY TO ENTER INTO LISTS

FLEET WITH LANDING FORCE MAY BE SENT

Believed in London that Greece Will Eventually Join the Forces of Allies

(By Associated Press.) LONDON, Oct. 7.—Large forces of Teutons have invaded Serbia, crossing the Drina, Save and Danube rivers. It is reported that they have established a firm foothold. The news of Bulgaria joining the Teutons is expected momentarily. Alexander Zaimis, at the request of King Constantine, is forming a Greek coalition cabinet. It has been promised that the opposition will have representation. It is reported that the rupture between the king and Premier Venizelos followed the German minister's visit to Constantine. It is believed here that Greece will eventually join the allies. The newspapers urge the sending of a fleet and landing force to Salonika.

FORMER COMMISSIONER LABOR SENT TO FRONT

(By Associated Press.) WASHINGTON, Oct. 7.—Joseph F. Meyers, formerly Texas state labor commissioner, has been ordered by President Wilson to proceed to Phoenix to confer with Governor Hunt regarding the strike situation in Arizona, and take whatever steps they may agree are necessary.

BULGARIAN MINISTER GIVEN HIS PASSPORTS

FOUR HUNDRED THOUSAND TEUTONS ARE CONCENTRATED AGAINST SERBIA

LONDON, Oct. 7.—The Italian foreign office has handed the Bulgarian minister his passports. Four hundred thousand Teutons are now concentrated against Serbia. It is thought to be the aim to make a drive against Serbia to Bulgaria.

EXPRESS CO. OFFICIALS PAY TONOPAH A VISIT

GREATLY PLEASSED WITH BUSINESS CONDITIONS THAT PREVAIL IN NEVADA

L. O. Head, general superintendent of the Wells, Fargo company for the southwestern division, and Mark Thomas, superintendent of the southern California division for the company, were arrivals on train 24 this morning and are inspecting the Tonopah office today, after which they will go to Goldfield, also on an inspection trip. It is Mr. Head's first trip here, he having taken the Los Angeles office over only last July. He said regarding the local office: "Mr. Dwyer and his force are rendering excellent service. We are always looking for more business, of course, but we are pleased to note that our per capita here is far above the average." Both of the officials expressed themselves as pleased with the conditions in Nevada, despite the enforced decrease in rates and other unfortunate circumstances.

EARTHQUAKE TEARS A HOLE IN MOUNTAIN

PEOPLE IN THE VICINITY OVERCOME BY NOXIOUS GASES FORM THE GROUND

The earthquake Saturday night tore a great hole in the mountain a half mile from the Sam Cook ranch on Spring creek, 14 miles southeast of Elko. The hole is 300 feet across at its face on the mountain side and 20 feet deep. It is oval in shape and the pit is 300 feet in width, says the Independent.

The scene of the phenomenon was a boggy place on the side of the mountain back of the Cook place. It was covered with trees and a small spring of water trickled from out of the wooded spot. This now is changed. There is sufficient water issuing from the hole to fill a 12-inch pipe. The trees have been torn up by the roots and hurled in all directions. Many thousands of tons of earth were thrown 300 feet across the canyon. The explosion occurred at the same

(By Associated Press.) WASHINGTON, Oct. 7.—The outlook today by the department of agriculture is that the wheat crop in the United States this year will amount to 1,900,000,000 bushels, the greatest ever grown in any country.

HIGH SCHOOL TEAM HAS BETTER PROSPECT

STUDENTS GETTING INTO SHAPE FOR CONTEST WITH TOWN ELEVEN

With the high school football team being whipped into shape the prospect of a more even game against the heavy old timers becomes better. Back field positions are being contended for by Pollard, Parker, Gilbert, Bowler, Ryan, and Feutsch. Each of these men is developing speed, a smashing attack, and cleverness in handling forward passes. The men who land back field berths will realize what it means to work for a position.

Line positions belong to anyone at present, although Murphy and O'Connell on the ends have been playing good consistent football in the preliminary scrimmages. Egan and McNeil, captain of the grade team, are fighting neck and neck for the center position, and as guards and tackles. Robb, Coulter, Cuddy, Lamb, Hohe, Feutsch, Parker, and Sheerin are strong possibilities.

After a sharp practice this evening covering all the plays the team has already mastered, Coach Walker will be able to pick his team and announce it on Friday.

RENO BANK CLEARINGS IMPROVE

The Reno bank clearings for September, according to figures furnished by J. W. Davey, assistant cashier of the Reno National bank, and secretary of the Reno Clearing House association, amounted to \$1,442,392.67, an increase of \$192,816.09 over September, 1914.

The total bank clearings for the first nine months of 1915 amount to \$11,088,910.21, showing an increase of \$777,497 over the clearings for a corresponding period last year.

hour of the earthquake in other parts of the state, just before 11 o'clock. It caused a great rumbling that could be heard for miles.

The Cook family were in bed asleep when they were awakened by the shock and noise. Mrs. Cook and the hired man on the place ventured out toward the scene of the explosion and were overcome by gas and it was some time before they regained consciousness. Mr. Cook, who had been more cautious, was able to render assistance to the others.

FRENCH HOLD LINES TAKEN FROM GERMANS

UNSUCCESSFUL BOMBARDMENT BY TEUTONS OF LOST POSITIONS ON WESTERN FRONT

(By Associated Press.) PARIS, Oct. 7 (official).—The Germans last night unsuccessfully bombarded the entire line north of Lascarpe, and attacked the positions recently captured by the French at Souchez.

UNKNOWN VESSEL ATTACKS FREIGHTER

ONE KILLED AND SIX WOUNDED OFF THE COAST OF MEXICO

(By Associated Press.) RIO JANEIRO, Oct. 7.—The British freighter San Melito arrived here today from Tuxpam, Mexico. The captain reported that his vessel was attacked by an unknown vessel in the night, and eight projectiles exploded against the sides. One man was killed and six wounded.

FEW DISORDERS BY MINERS ON STRIKE

(By Associated Press.) CLIFTON, Ariz., Oct. 7.—Several thousand of the striking copper miners gathered peacefully at Morenci today. The only open disorder during the whole period of the strike was an attack Monday on the plate glass windows of the Arizona Copper company office and an attack on the deputy sheriffs guarding the company's property.

LUNING DISTRICT IS OUTPUTTING COPPER

SHIPPING POINT SAID TO BE AN IDEAL PLACE FOR ERECTION OF A SMELTER

The mines in the vicinity of Luning are steadily increasing their output, according to H. B. Lind, who arrived from that district this morning. The ores in the region predominate in copper values, but some of them also carry heavily in gold and silver with some lead and other base metals. There are many teams and auto trucks at present engaged in transporting ore and Luning is reaping commercial advantage.

Mr. Lind said: "There is constant shipping from Mr. Patrick's Mayflower mine. The Iriquois, in which I am interested, is also a steady producer. Al Buchanan, who is leasing on the Champion, is enjoying a splendid output, as are also Con Bachman and E. C. Watson, who are operating the Neversweat under lease and bond. "There are other properties that are shipping more or less ore. Luning looks to me to be an ideal place for the installation of either a smelter or a sampling plant."

PRESIDENT WILL NOT LONG REMAIN WIDOWER

WEALTHY RELICT TO SOON BECOME THE FIRST LADY OF THE LAND

(By Associated Press.) WASHINGTON, Oct. 7.—President Wilson and Mrs. Norman Galt, a wealthy widow, aged 38, will wed probably the first week in December at the bride's home here. The wedding will be private. The announcement was made last night. The honeymoon trip may include San Diego, as did the Tyler, Cleveland and other presidential wedding trips.

President Wilson is a Presbyterian, and his fiancée an Episcopalian. It has not yet been decided which service will be used. Probably Col. E. H. House will be best man, and one of the fiancée's brothers will give away the bride. The two, with a party of friends, plan to attend a house party tonight in New York and a theater party there Friday, and will attend the baseball game here Saturday. The president will probably buy an engagement ring there today.

The marriage of the president is expected to renew social activity at the White House, following the period of mourning.

SEVENTY INDIANS LEAVE FOR THE FRONT

REINFORCEMENTS SENT OUT TO MILITIA NOW SERVING IN STRIKE DISTRICT

(By Associated Press.) PRESCOTT, Oct. 7.—Militia company #1, composed of 70 Indians, will leave tonight to join the 40 militiamen now at Clifton. Unless a special train is ordered, they will arrive there tomorrow afternoon. Governor Hunt, Adjutant General Harris and Major Denkersley will decide this afternoon whether to send more.

BARTENDER STOPS A FIGHT WITH HIS GUN

HOSTILITIES CEASE WHEN "NEUTRAL" SPRINGS HIS HEAVY ARTILLERY

Sam Redmond was getting along swimmingly in a fight, in which he is alleged to have been the aggressor, last evening in the Miners' Home bar. He was doing so well that the trenches of the enemy were all but evacuated when the bartender, Pete Misasevich, a neutral, pulled a gun from under the bar and stopped the hostilities, having first sent in a hurry-up call to the police station. The offenders arrived and took Mr. Redmond into custody. He will have a hearing late this afternoon before Justice Dunsath.

PIONEER MINE IS IN SPLENDID SHAPE

OPERATIONS ON LARGER SCALE THAN FOR SEVERAL YEARS PAST

Operations in the Pioneer Consolidated mine in the Pioneer district, south of Goldfield, are at present being prosecuted upon a more extensive scale than for several years and all mining, milling and development costs are being defrayed by a state-ment to that effect was made by W. J. Tobin, president and general manager of the mine, who is at present a business visitor in Goldfield. He further states that the company's ten-stamp mill is operating on an average of 16 hours a day and that a recovery of 80 per cent is being made by amalgamation. The tailings are being impounded for future treatment.

BROTHERS ARE RUN DOWN AND KILLED

SANTUCCI STILL ELUDES OFFICERS

SHERIFF AND POSSE ARE IN PURSUIT

McFARLAND AND CHASE HAVE NOW VERY FAIR CHANCE TO RECOVER

Up to mid-afternoon Santucci, the Manhattan gunman, had not been apprehended, although Sheriff Slavin and a posse are in pursuit. The latest reports from the pine tree camp are that both Del McFarland and Charles Chase, the men who were shot early yesterday morning, have good chances to recover, although both are desperately wounded. McFarland is shot in the left lung near the heart and Chase is also shot through the lungs and has three other bullets in his body. It develops that the two wounded men were unarmed when the trouble took place. Dr. McLeod, who was called to the case, has returned to Tonopah. He says now that it is only a matter of complications. The bullets will not be removed until an X-ray machine can be sent to the camp and the missiles located thereby.

TRAIL LEADS MANY THOUSANDS OF MILES

TONOPAH WOODEN CHECK ARTIST IS NOW WITH BRITISH CORPS OF AVIATORS

A Tonopah young man, whose name is not published by reason of his having an estimable family in this city, passed several fraudulent checks on business men of Tonopah some six months ago and disappeared before the crime was detected. Since then diligent efforts have been put forth to locate him, with final success. Chief Evans received word today of his location, but there are certain difficulties in the way of getting him back in the near future.

The wooden check artist, it has been determined, went from here to Goldfield, thence to Aurora, Beatty, Death valley and British Columbia, where the trail seemed to be lost, but the Canadian officers kept on with the case and today they informed Chief Evans that the young man in question is in France, where he is a member of the British aviation corps.

STATE CLOSES CASE

(By Associated Press.) INDIANAPOLIS, Oct. 7.—The state has closed its case against Mayor Joseph Bell, who is charged with conspiracy in elections. The defense is starting.

SOUTHERN NYE IS MOVING FORWARD

MARBLE CO. MANAGER IS INTERVIEWED

GOLD, MARBLE, LEAD AND OTHER PRODUCTS ARE BEING HEAVILY OUTPUTTED

"Yes, things are moving right along down in the Amargosa valley, these days," said P. V. Perkins of Carrara, who dropped into town today. "At Carrara the marble company is pushing along the construction of its railroad, and as there is but one mile of steel yet to lay, that part of the job will be completed inside of a couple of weeks."

"The finishing plant is being laid out and the ground prepared for cement foundations for the heavy sawing and polishing machines, which will come in during the month. The first plant will finish about a third of the marble the quarries are now capable of producing. Much of the product goes to market in rough blocks, just as it is pulled out of the hill."

"The channeling machines are being worked double shift and a large amount of commercial marble is piling up against the day that the railroad and finishing plant can be made ready for it. These accessories to development of the quarries represent an expenditure of over a hundred thousand dollars. It will be December before marble will be going out to market in any great quantity."

"A monthly pay roll of \$5000, with prospect of early increase is having an effect on the town, and as the quarry force will move down from the camp on the hill, to town, as soon as the railroad is in operation, a number of houses are being hauled over from Rhyolite."

"Between the L. V. & T. railroad and the marble deposit for a length of about three miles, there is a limestone ledge of a width or sixty feet carrying pretty fair values in gold. Engineers who recently sampled the property of the Carrara Gold Mining company got an average of \$4.30 per ton in gold value over a length of 1500 feet, and depth of 150 feet. A further sampling of this property is now under way for prominent Tonopah operators. If this sampling is satisfactory, the erection of a large mill that can work the low grade rock at a profit will immediately be undertaken. "Half a mile further along the vein, (Continued on Page 4.)

L. V. & T. RAILROAD BOARD OF DIRECTORS RE-ELECTED

The annual meeting of the stockholders of the Las Vegas & Tonopah Railroad company was held yesterday afternoon at the company's offices in Goldfield. The old board of directors was re-elected as follows: J. Ross Clark, W. H. Comstock, C. O. Whittemore, Henry C. Lee and W. A. C. Clark Jr. of Los Angeles; Hugh H. Brown of Tonopah and W. R. Alberger of Oakland. They will elect within the next 30 days officers for the ensuing year.

NO EPIDEMIC IN RENO

A report which has gained currency on the south side to the effect that there is an epidemic of scarlet fever in Reno is declared to be ridiculous by Secretary Samuel of the local board of health, says the Gazette. "There are only seven cases in the entire city," he said this afternoon. "which is nothing out of the ordinary for a city the size of Reno. No one has any cause for uneasiness."
